

DESIGN | SYSTEMS

ZARGES

- rack mount 19" mobile cases
- shipping & storage transit cases
- UN hazmat | mil-spec
- Li-ion battery safe shipping cases

COLMEK

- Thermite ruggedized computers
- custom design and manufacturing
- small form factor
- systems engineering

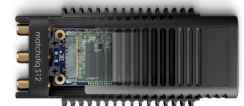

EMPOWER RF SYSTEMS, INC.

- solid state high power amplifiers
- networked | remote maintenance
- CW | pulsed | multi-mode
- 10.0kHz to 6.0GHz +

EPIQ SOLUTIONS

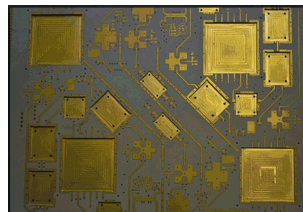

- wideband RF transceivers
- low SWaP / mini PCIe
- high speed / 3VPX compatible
- SDR / FPGA

DESIGN | COMPONENTS

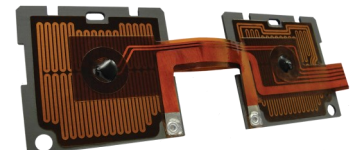

ACE ACCURATE CIRCUIT ENGINEERING

- RF and Hybrid PTFE/FR4 PC boards
- antenna | microwave custom
- 24-Hour to 20 day turnarounds
- board design | assembly services

HEATRON

- etched, wirewound heating elements
- Thick film heating elements
- EV battery heaters
- cartridge heating elements

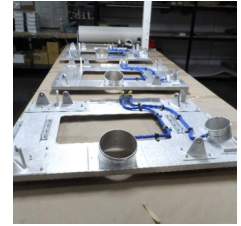

MILITARY | INDUSTRIAL | COMMERCIAL MANUFACTURING SERVICES

- precision sheet metal fabrication
- machining | deburring | laser cutting
- welding | hardware installation
- painting | silk screening

- custom metal fabrication
- class A, B & C welding (NADCAP)
- laser cutting | metal forming | CNC
- assembly | kitting | finishing

- 13 Axis CNC Turn Mill Centers
- 7 Axis CNC Screw Machines
- titanium | inconel | stainless steel
- aluminum | brass | plastic

- aluminum | zinc die casting
- miniature, small & medium sized
- in-house die design, engineering & CAD
- painting | plating | assembly | FFL

SPACE | LAUNCH MANUFACTURING SERVICES

- fiber reinforced composites
- metallics | processing | coating
- assemblies | bonded | fastened
- truss | sandwich | deployables

LEDA CORPORATION

- spacecraft components; build-to-print
- flight / launch quality; traceability
- cable harnesses for flight / launch
- circuit card assemblies

Cutting Edge Machining

- precision SWISS style CNC
- wire EDM | laser marking
- traceable materials recordkeeping
- class 10 FFL | class 2 SOT
